

Caprine Arthritis Encephalitis (CAE) A Hidden Menace

- Reduced milk yields?
- Cases of arthritis?
- Nervous signs in kids?
- Thin goats?

**Do You Suspect
a Problem?**

Is it CAE?

- Losses can lead to culling and re-stocking
- Hard to spot and devastates herd productivity

OFFER

**A CAE diagnostic test
package on 12 thinner animals
(over 12 months of age)**

**Lab Charge £37 plus VAT
(plus visit & sampling charge)**

**Send in sample with Diagnostic
test form**
