

JULY 2023.

Dear Members,

MEAT SALES 2023.

The Trustees are delighted to announce that following last year's successful Meat Goat Sale at Melton Mowbray Market we will be repeating sales this year adding a second date and location at Worcester Market.

These sales are for meat animals only on RED market days. This means you cannot take the animals home from the market and is not a breeding animal sale.

The BBGS will sponsor advertising with the market and there will be rosettes and cash prizes for BBGS members the Best and Reserve carcass on the hoof judged by the relevant auctioneers representative.

Animals will be entered directly with the markets - closing dates for entries will be 14 days prior to the sale.

This is an ideal opportunity to consolidate your herd before winter.

It is the vendors sole responsibility to comply with the markets rules - available from the auctioneers when you enter.

The sale is open to any goat keeper but only BBGS members are eligible for Best And Reserve.

Buyers require all grades of goats.
